End Cap

Quarter Round

Designed to Complete the Floor

Every InStride flooring collection is supported by a full line of professionally engineered moldings and trim, manufactured to deliver exact color continuity and seamless transitions throughout the space.

Our matching profiles are designed to protect edges, complete transitions, and maintain the integrity of the installation while preserving the visual authenticity of each plank.

Why InStride Trim Performs

- Exact-match color coordination by product line and SKU
- Engineered for structural integrity and long-term durability
- Clean transition solutions for doorways, stairs, and level changes
- Consistent grain alignment and surface realism
- Designed to protect edges and extend floor longevity
- Complete trim program for a cohesive, finished look
